Republic Reaches

We are born, the ties are cut, and we are then alone. Then a lifetime begins trying to reestablish broken bonds—trying to reach out and reconfirm that human touch that was once so familiar.

Unfortunately, much of our time is spent elbow to elbow, bumper to bumper, but in total ignorance of our fellow man's feelings. Our society is often impersonal, "talking without speaking, people hearing without listening, and people looking without seeing." Often we are left lonely without meaningful communication.

More and more counselors, teachers, and parents are realizing the importance of reaching out, of human contact. Counselors have turned to group counseling, teachers to group projects, students to clubs, organizations, and groups. These sessions illustrate man's basic need to belong, to be involved with humans.

Awareness of human beings, their feelings, their needs—becomes an important goal of education, thus of Republic Schools. May we present our 1981 Repmo—Reaching Out.

(1) Despite the record-breaking heat the past summer, Matthew Roach found a rare cool day to play tennis. (2) Summer movie goers found such films as "Blue Lagoon," "The Blues Brothers," and "The Fiendish Plot of Dr. Fu Manchu." (3) Water was very popular with such entertainments as going to the pool, skiing on the lake, and making trains on water-slides.

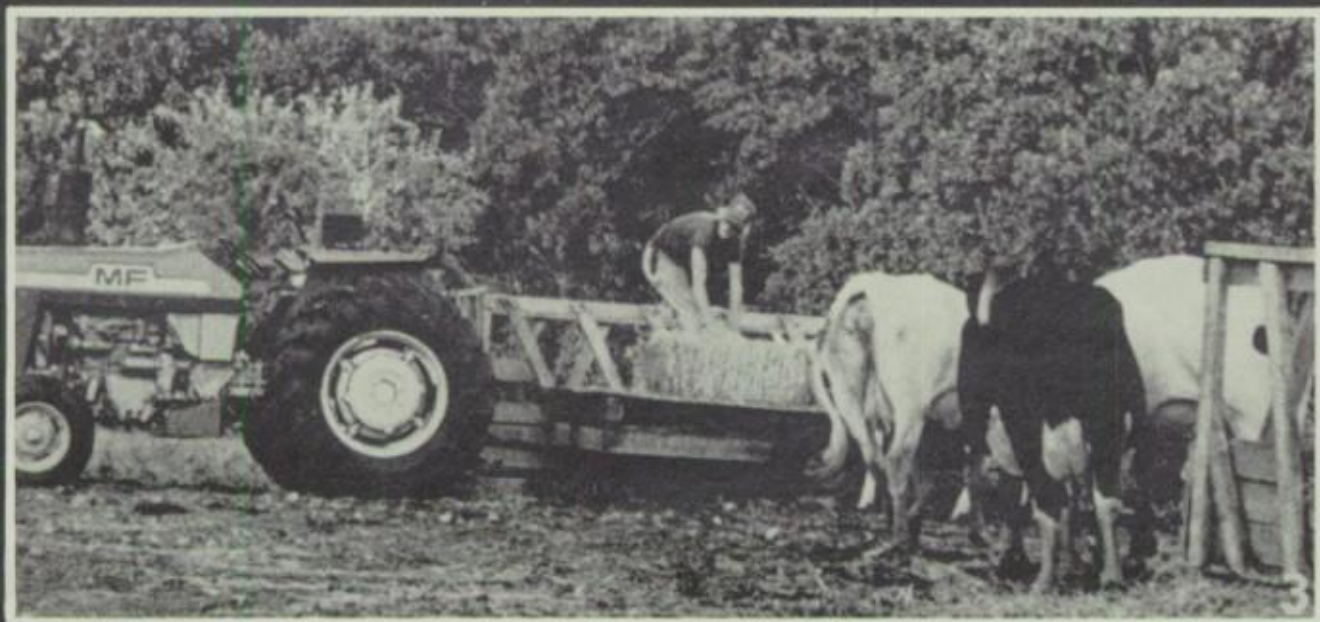

Summertime. . .

When the Livin' Is Easy.

Republic was a great place to be in '80. Remember what you did? Derek Payton—I worked at Mobile Estates, setting up and delivering mobile homes. John Kothenbeutel—After I got bored with NY and moved back, I coached a girl's softball team with Steve Sturgeon and had parties at my sister's house in Marionville. Dana Shilling—I worked at Joplin Veterinary Hospital. Cherie Matthews—All I did was play softball and hang around Pat's with Luann and LaVada. Jerri Reser—I was a life guard at the pool.

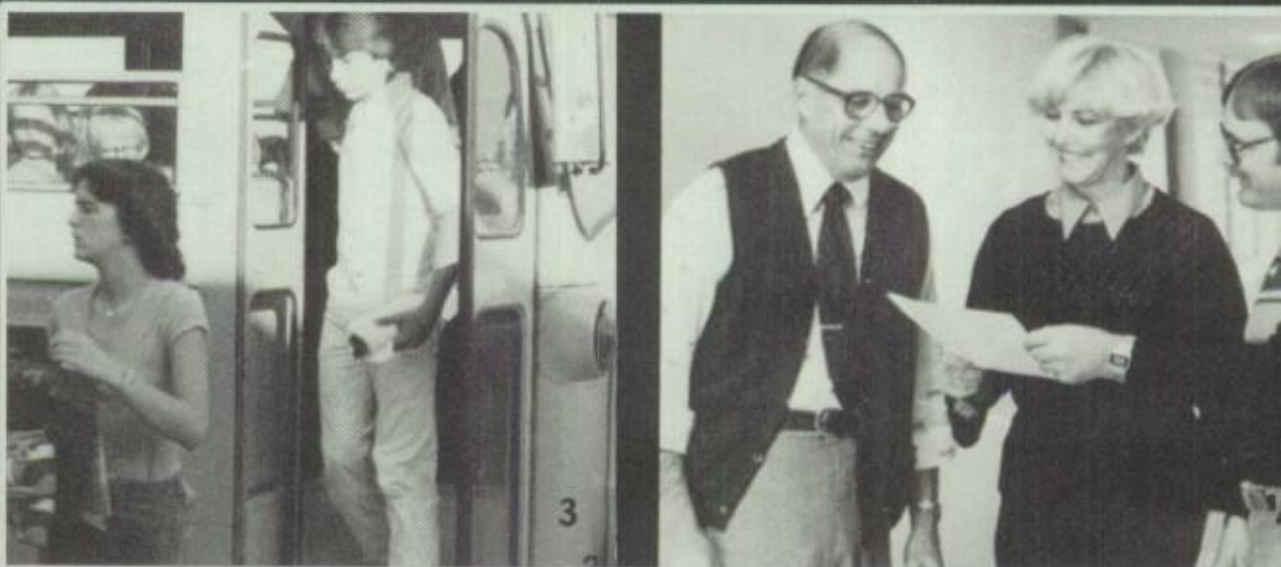

(1) Not many butterflies were out this year, due to the intense heat. (2) Many summer nights find everyone swarming around the car wash, one of the popular hang-outs in Republic. (3) Since the grass dried up very quickly, several farmers like Brad Sanders had to feed hay early.

Before the first bell rings, RHS students spend the early moment hours "reaching out." Friends gather as teachers keep their eyes open.

Fellows in one crowd, girls in another each gather around to trade the latest secrets and catch up on what's happening.

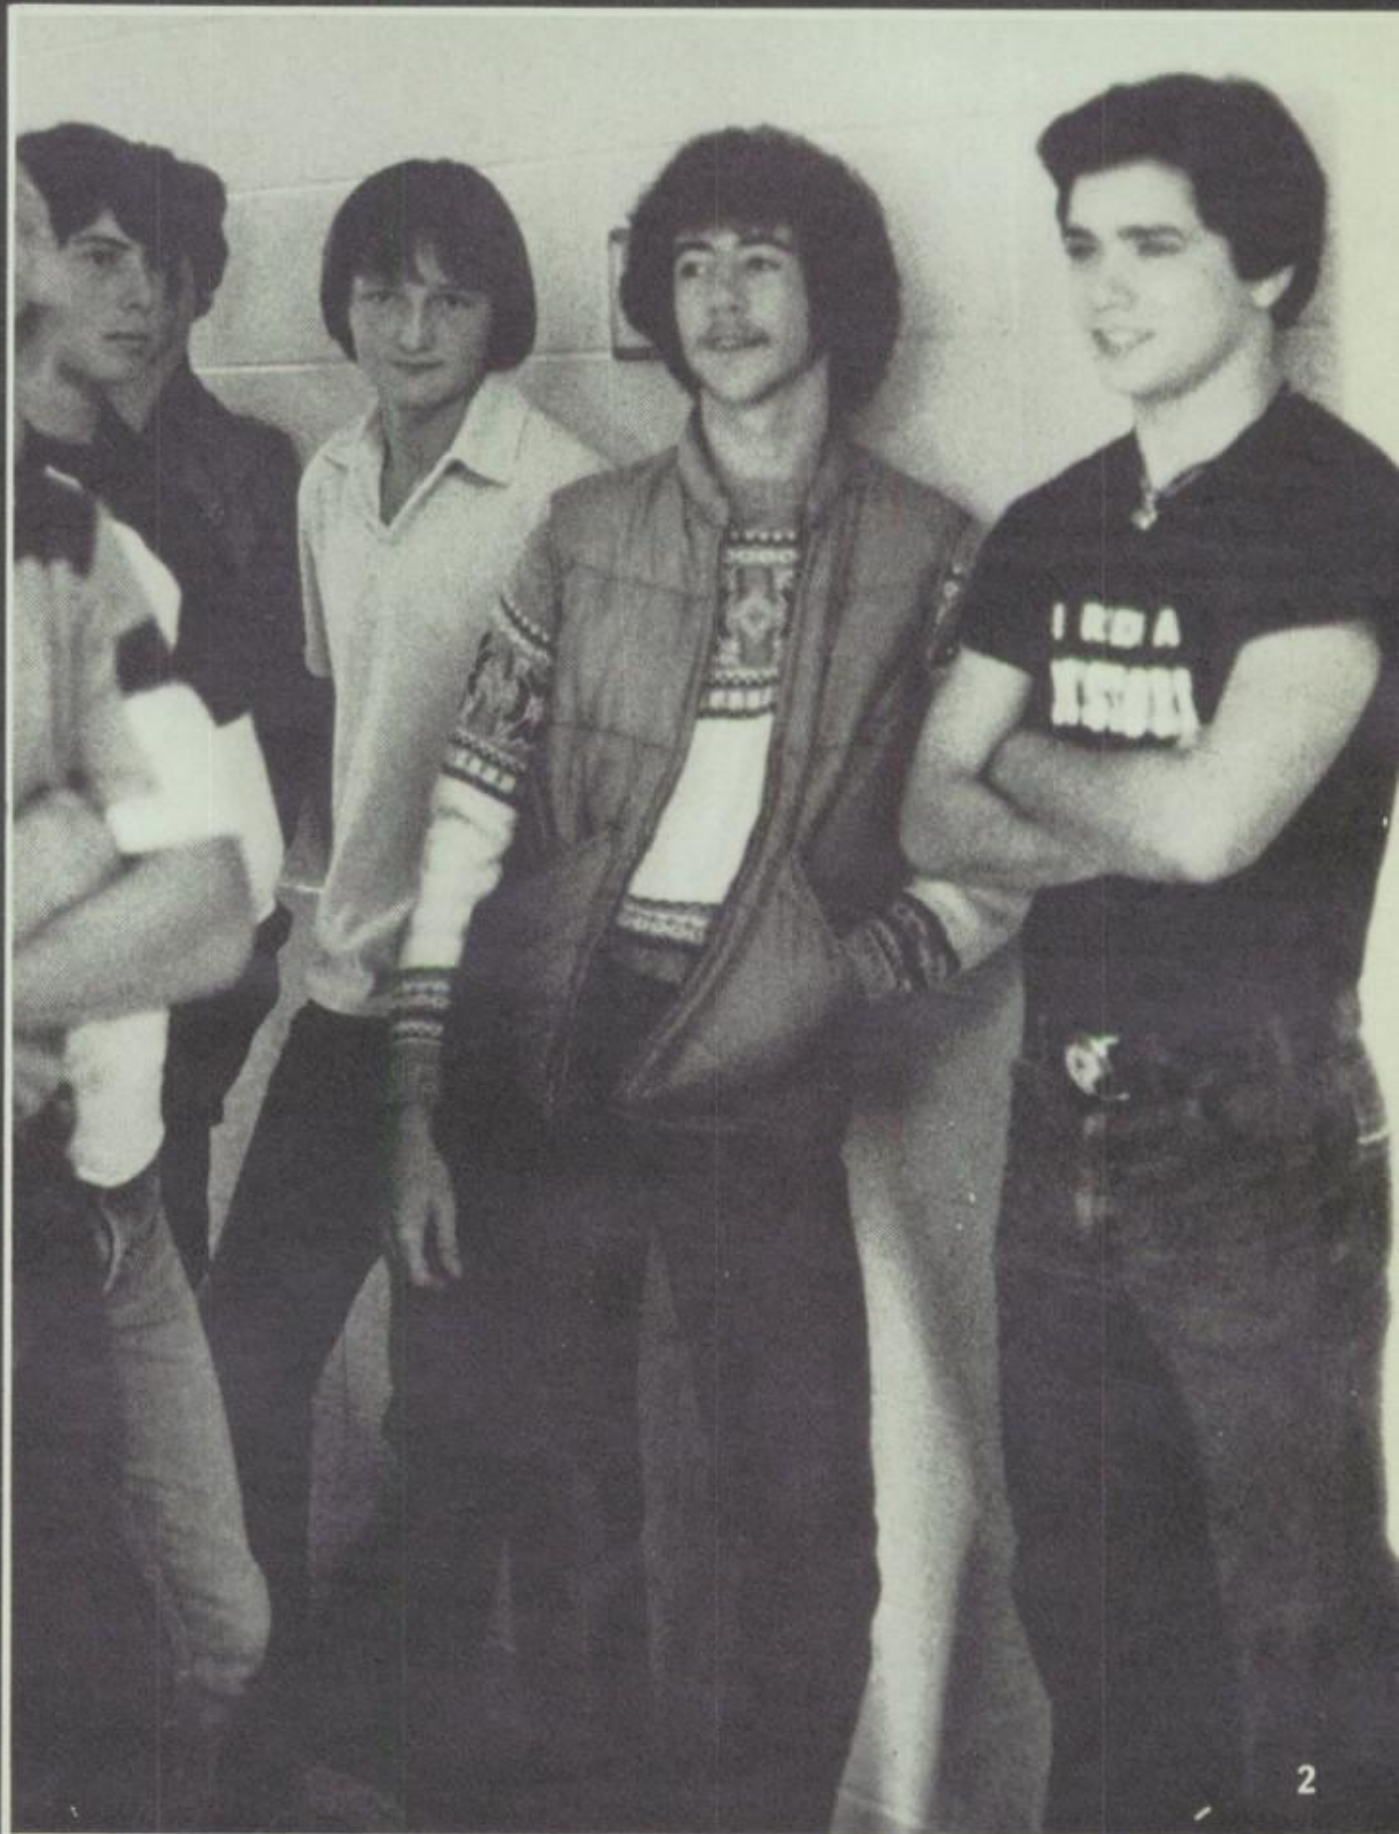

1. Making a last stop before school, Linda Eimer gets a coke at Git-n-Go. 2. Talking over girl matters are LaVada Gardner, Teri Bee, and Robin Batson. 3. Some who are not able to drive yet ride the bus to school. 4. Mr. Stephenson, Mrs. Gibson, and Mr. Klingenbiel ponder important matters in the hall.

1980—A YEAR OF ELECTION AND WORLD CRISIS

November 4, 1979—the Iranians under the rule of Ayatullah Khomeini seized the American Embassy in Iran and captured 62 Americans and held them hostage.

November 4, 1980—52 hostages are still in Iran. On election day, 1980, there was talk that the hostages would be released, but only under certain conditions.

Many thought the hostage situation would determine the turn-out of the presidential election, but during the campaigns the hostages were discussed very little.

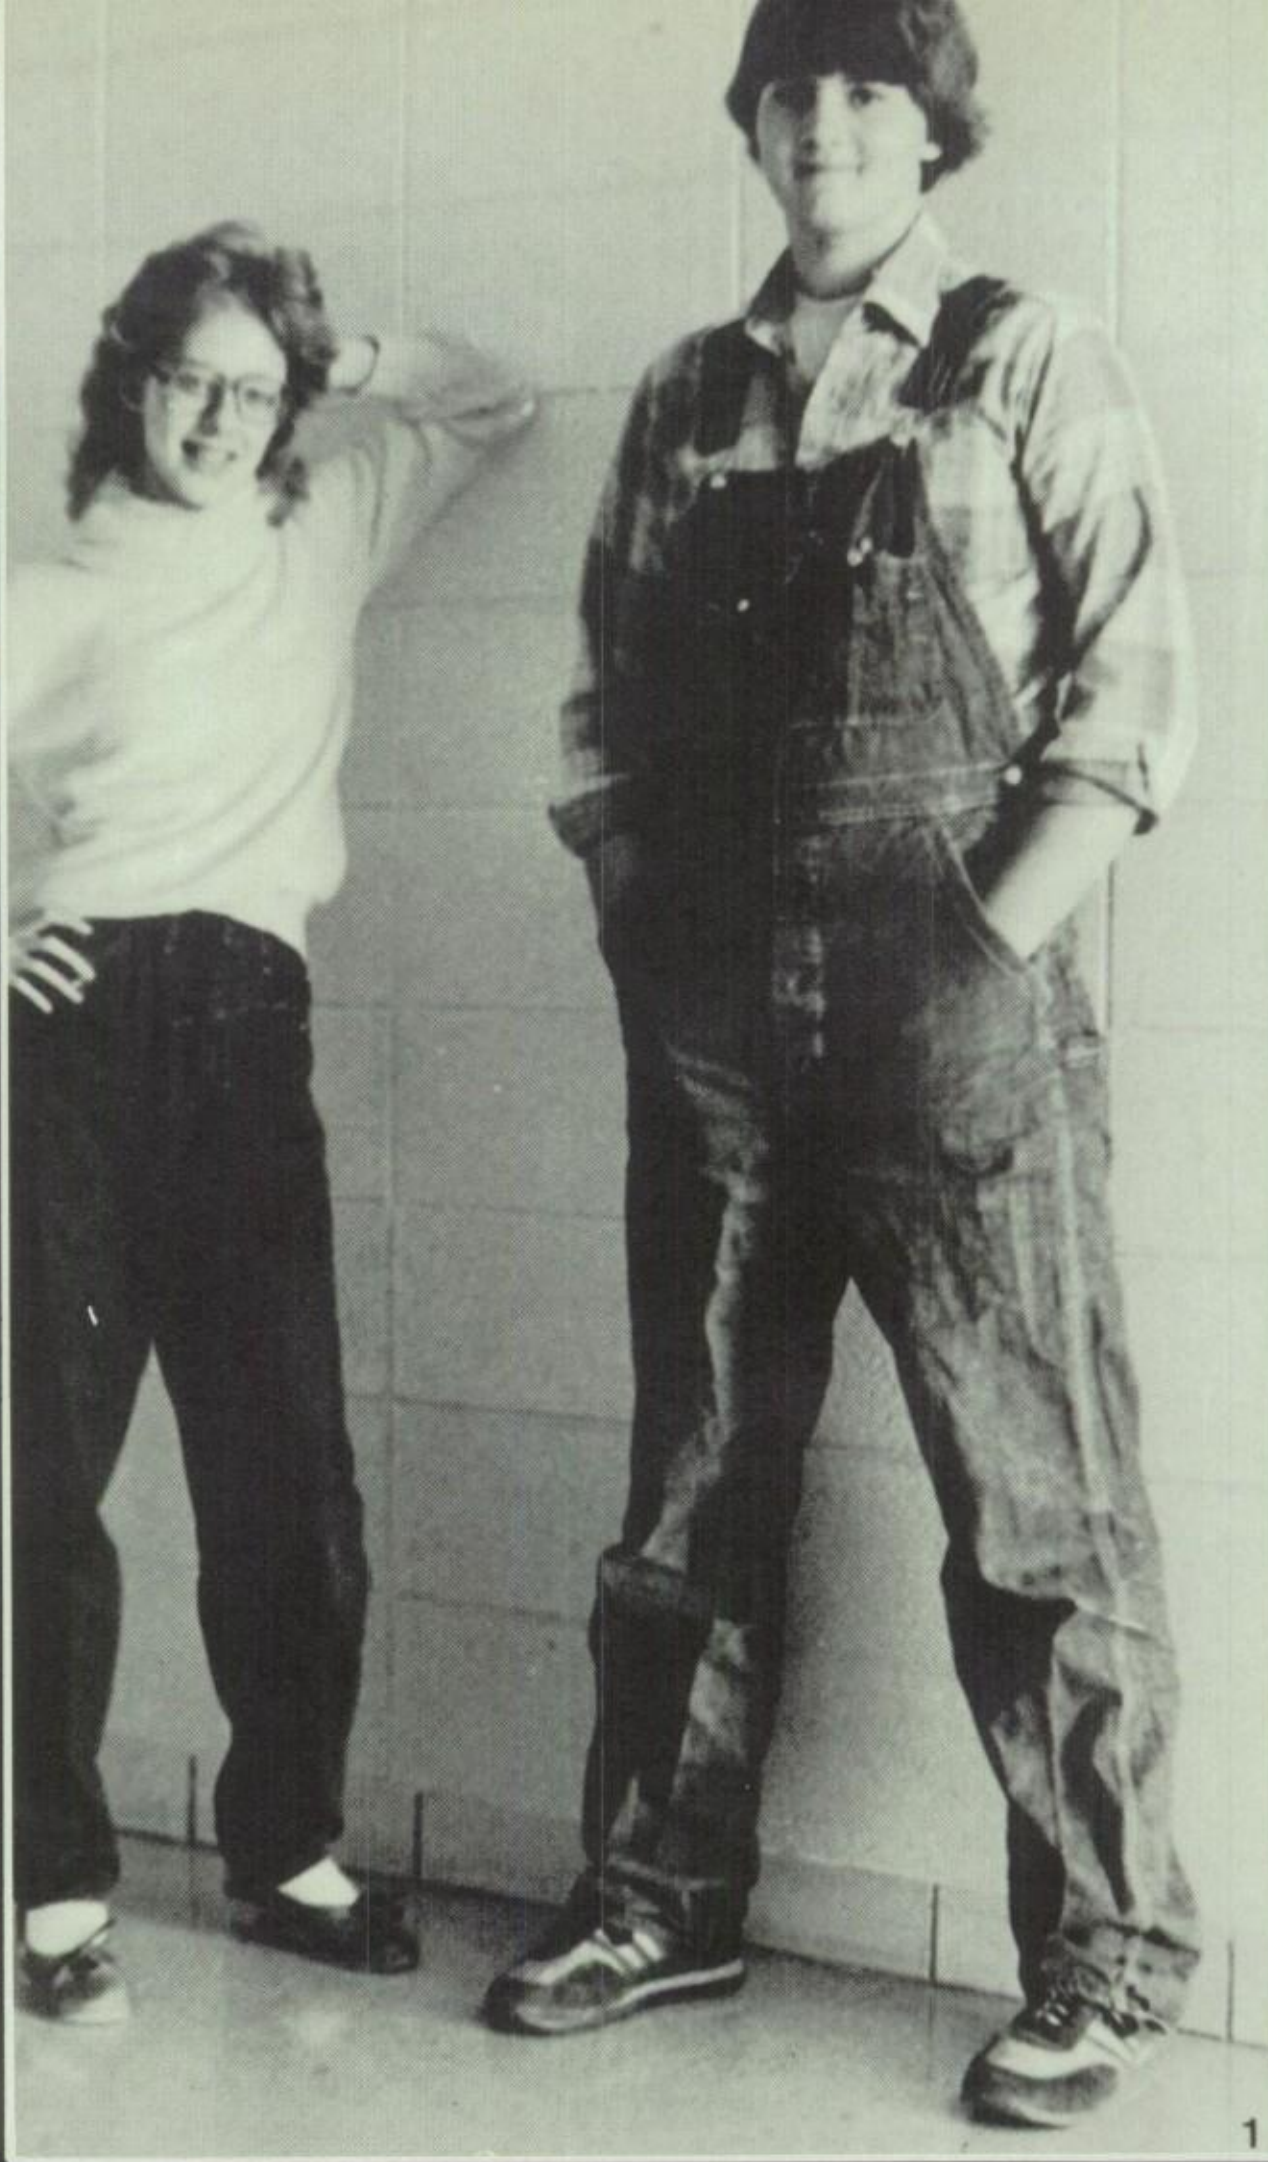

The presidential election was predicted to be a close race, but the prediction was wrong. Ronald Reagan and running mate, George Bush, won by a landslide in electoral votes.

Much has happened in 1980, not only the election and the capturing of the hostages, but also inflation has struck America. Food prices have increased, but the American wages haven't increased to meet the prices. During summer, 1980, fuel prices increased outrageously, but gradually the prices are decreasing.

1979-1980—compare the two years. How much have our lives changed? How much will they have changed ten years from now? America will go through much before it is all over. When you think about it, has 1980 really been all that bad?

1. Andrea Bishop shows off her "baggy" jeans, a popular fad many girls are wearing. Andrea also has on "ballerina" shoes. These are often worn with a skirt and fancy knee socks. Jeff Cassity wears overalls—nearly everyone in school owns a pair of these. 2. Many girls wear their boyfriend's class rings to show that they are going together. They usually have to be wrapped with yarn to make them fit. 3. Karen Krueger shows a popular form of jewelry—ears pierced more than once. Different pairs of coordinating earrings are fun to wear. Whitney Banes and Sherri Arndt both wear contacts, and lace collars on their shirts. These are examples of some of the many trends around school. Couples wearing matching shirts are quite common—some couples have as many as four or five shirts alike. Spike heels continue to be popular, and blazers made of corduroy or velvet are favorites for winter.

Fads and Fashions

1. Four wheel drive trucks are popular. 2. Tina Wade and Darin Cantrell wear their matching concert t-shirts. 3. Tennis shoes remain the most often seen style of shoes. 4. Mike Ramsey and 5. Traci Riggins sport personalized license plates.

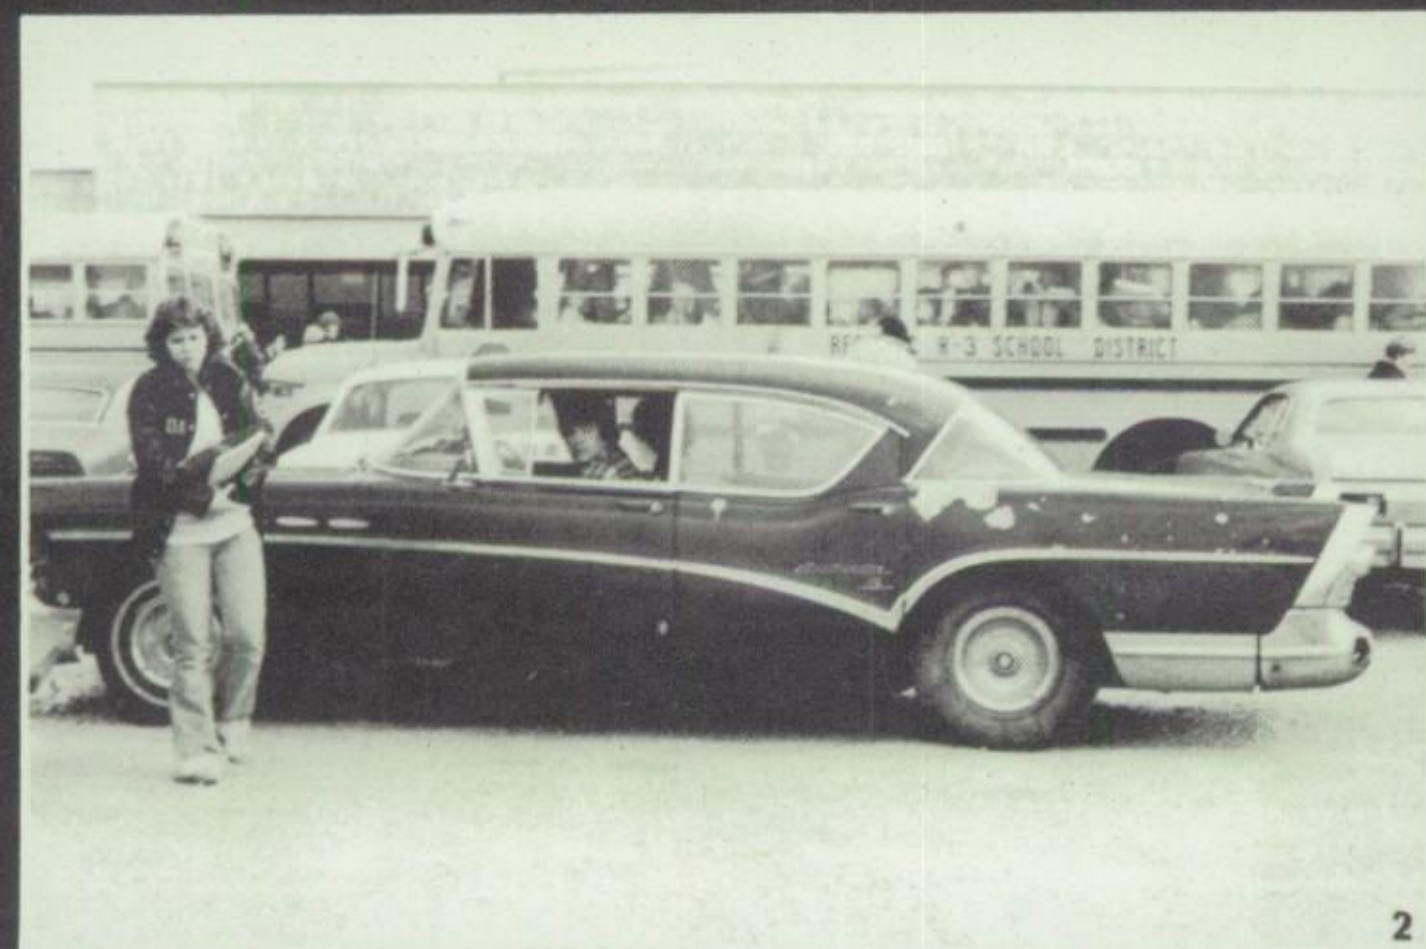

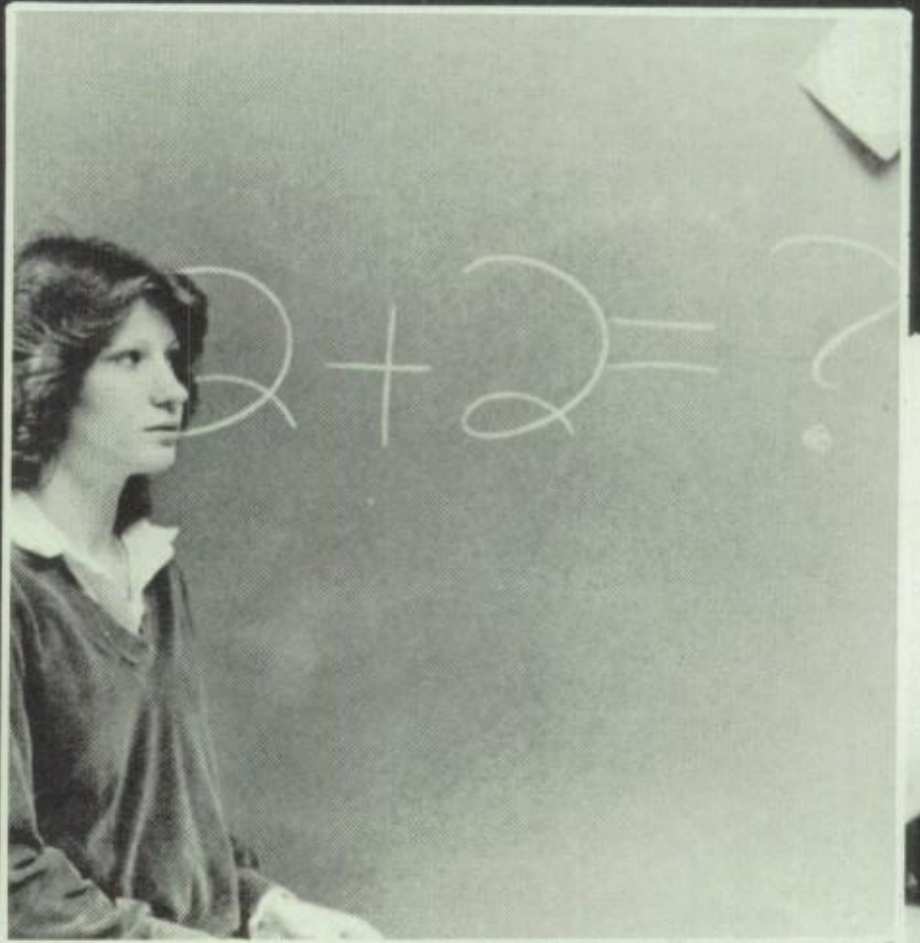

1. Casey Dent, riding the wind. 2. The 1981 school year was the time when many students got their first car. Ryan Stewart is the proud owner of this flashy 1978 Trans Am. 3. To bus or not to bus, that is the question.

How We Got from There to Here

1. What can I say? 2. While some cherish a classy car, others prefer a classic. 3. Kim Walker wants a hunk for the presidency. 4. You have to be desperate to go four-wheeling in the school parking lot.

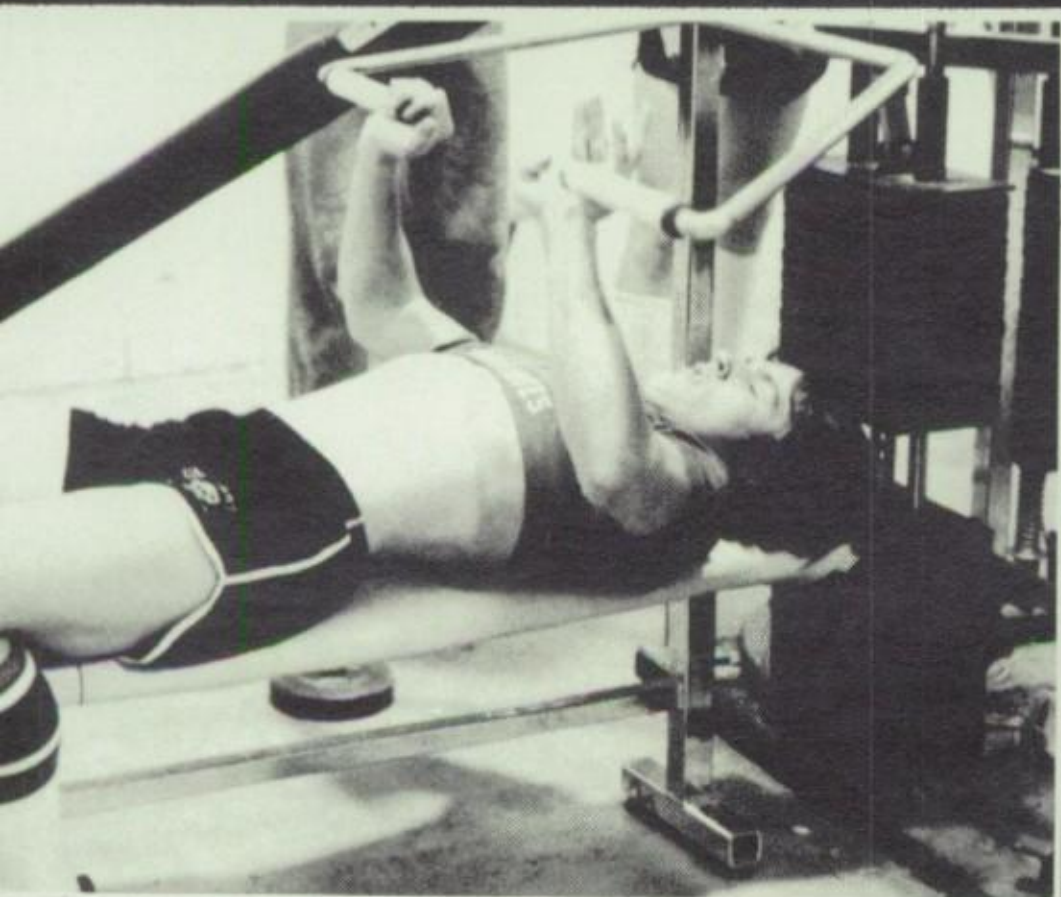

ON

ANIZATIONS

Republic High School gives students an opportunity to participate in an extracurricular activity in almost every field available. Clubs are very important in that they give their members a feeling of closeness and satisfaction. A few of existing clubs and statements from a member of that club below show the great importance and need for these clubs.

Gymnastics Club—

(Mike Brown): "It gives you a chance to work and develop your own skills."

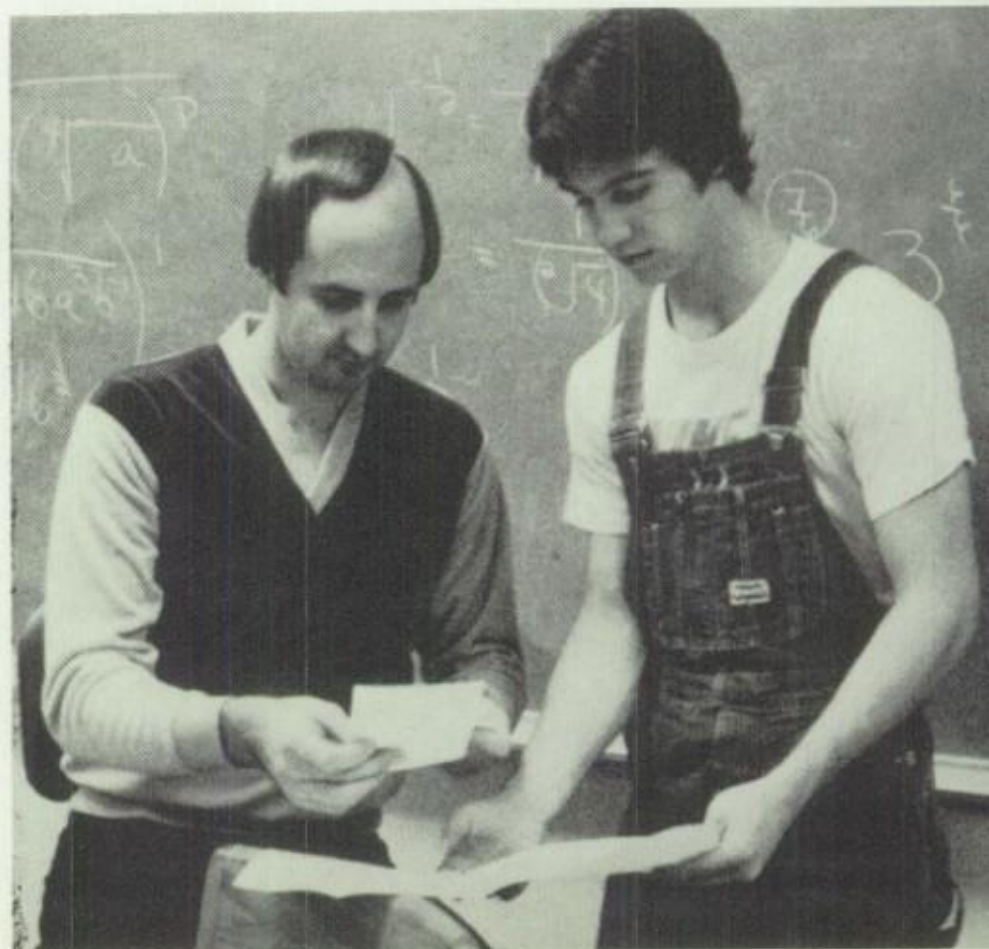

Key Club—

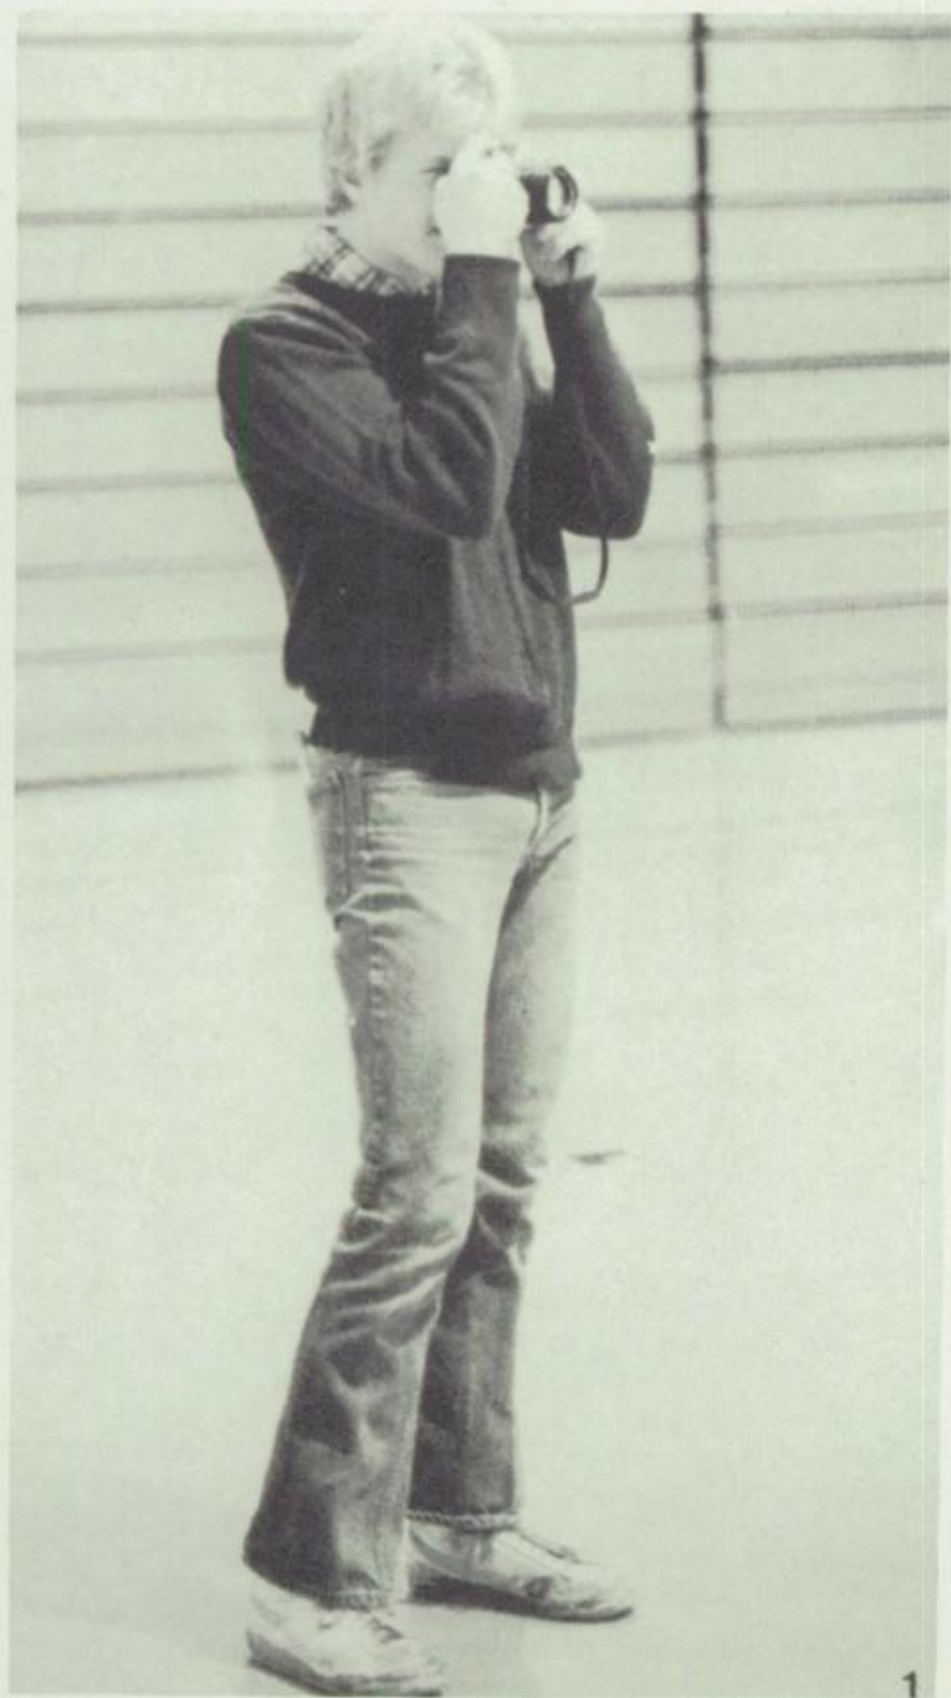

(Terry Cunningham): "We sold candles to raise money to buy toys for the children in the pediatrics ward at St. John's Hospital."

QUILL & SCROLL AND PHOTOGRAPHY REACHING OUT

The pictures on these two pages only represent part of the work done by Photography and Journalism. Throughout the year we have been trying to "Reach Out" to our fellow friends and classmates by sending out a paper, having an assembly, and putting together a yearbook. We hope we have represented, informed, and entertained you throughout the 1980-81 year.

In the picture at the left, one of our finer photographers Bryan Sanders takes a picture with accuracy and precision. Working diligently in the darkroom are Dana Lemaster, Steve Sturgeon, and Kevin Holmes in the picture below. In picture 3 Leisa Gleghorn and Vicki Roach set out to sell Tiger Tracks. Trying to make the deadline, Debi Newkirk and Lori Burke work on pages of the yearbook in picture number 4.

Along with the homecoming dances there was a Christmas dance in which a Mr. and Miss Merry Christmas were crowned. Student Council was also responsible for the Red Cross Bloodmobile. Seventy-one units were donated by the students and faculty. The school and the community were well served by the Student Council.

Speech and Dramatic Society ... more than a club

Communication, the one word that summarizes all of SDS's goals. As an organization, Speech Club is striving to entertain, to enlighten, and to inform. Regardless of the medium, forensics, public speaking, or dramatics, the key to success is having the listener experience the vital feeling or feelings involved. The season for RHS speech and debate squad started with the Kickapoo tournament lasting until April. To top the year Susan Riddle had two entries in the State Speech Festival and went on to win and to become the first person from Republic to compete in the National Speech Tournament. Though much of the squad was novice, they faired extremely well. Speech Club itself began the year sponsoring the fall musical "Little Mary Sunshine." A backgammon tournament, a dinner theater, a bake sale, the annual banquet, and the spring play "See How They Run" completed the agenda for a fantastic and productive year. ... VICTORIOUSLY

Athletics at RHS is a contagious fever. All one has to do to catch it is to participate, observe, or follow one of our strong teams. Somehow being a part of a huge crowd that cheers on a 10-0 football team is uniting. It gives everyone involved a feeling of belonging even though they are not actually playing. We are all striving for the same goal . . . victory! And what a spectacular feeling it is. But most important is that unifying spirit which draw us together.

This year the teams at RHS have excelled. Not only was our football team conference champs, but also our baseball and basketball teams. Our girls teams continue to improve showing promise and holding a strong place on the sports agenda.

We were honored this year by receiving the All Conference Sports Trophy—a third for RHS. We have established a strong position of excellence and consistency that will continue if we keep reaching together.

Two people deserve special recognition but were not pictured individually. One is Sherri Dunn, who holds the school record for the mile and two mile runs. The other is Ryan Stewart, who had an exceptional year in pole vault.

Each individual has his or her interests. Whether it be athletics, music, drama, or simply excelling in classwork, the same elements are involved in each. Responsibility, dedication, and self-discipline are all important factors in determining success or failure. Success must not be stereotyped to mean "the one who wins" by scoring the most points, crossing the finish line first, or receiving a "1" rating at contest. Those are all definitely winners, but there are others who may also be deemed as winners. These include the individuals who put their hearts into what they are participating, giving it all they've got, and striving for self-improvement. As long as one strives to better himself or herself—he may truly be labeled a "winner." Found within the heart and soul—that is what spirit is all about.

New Sights and Sounds From

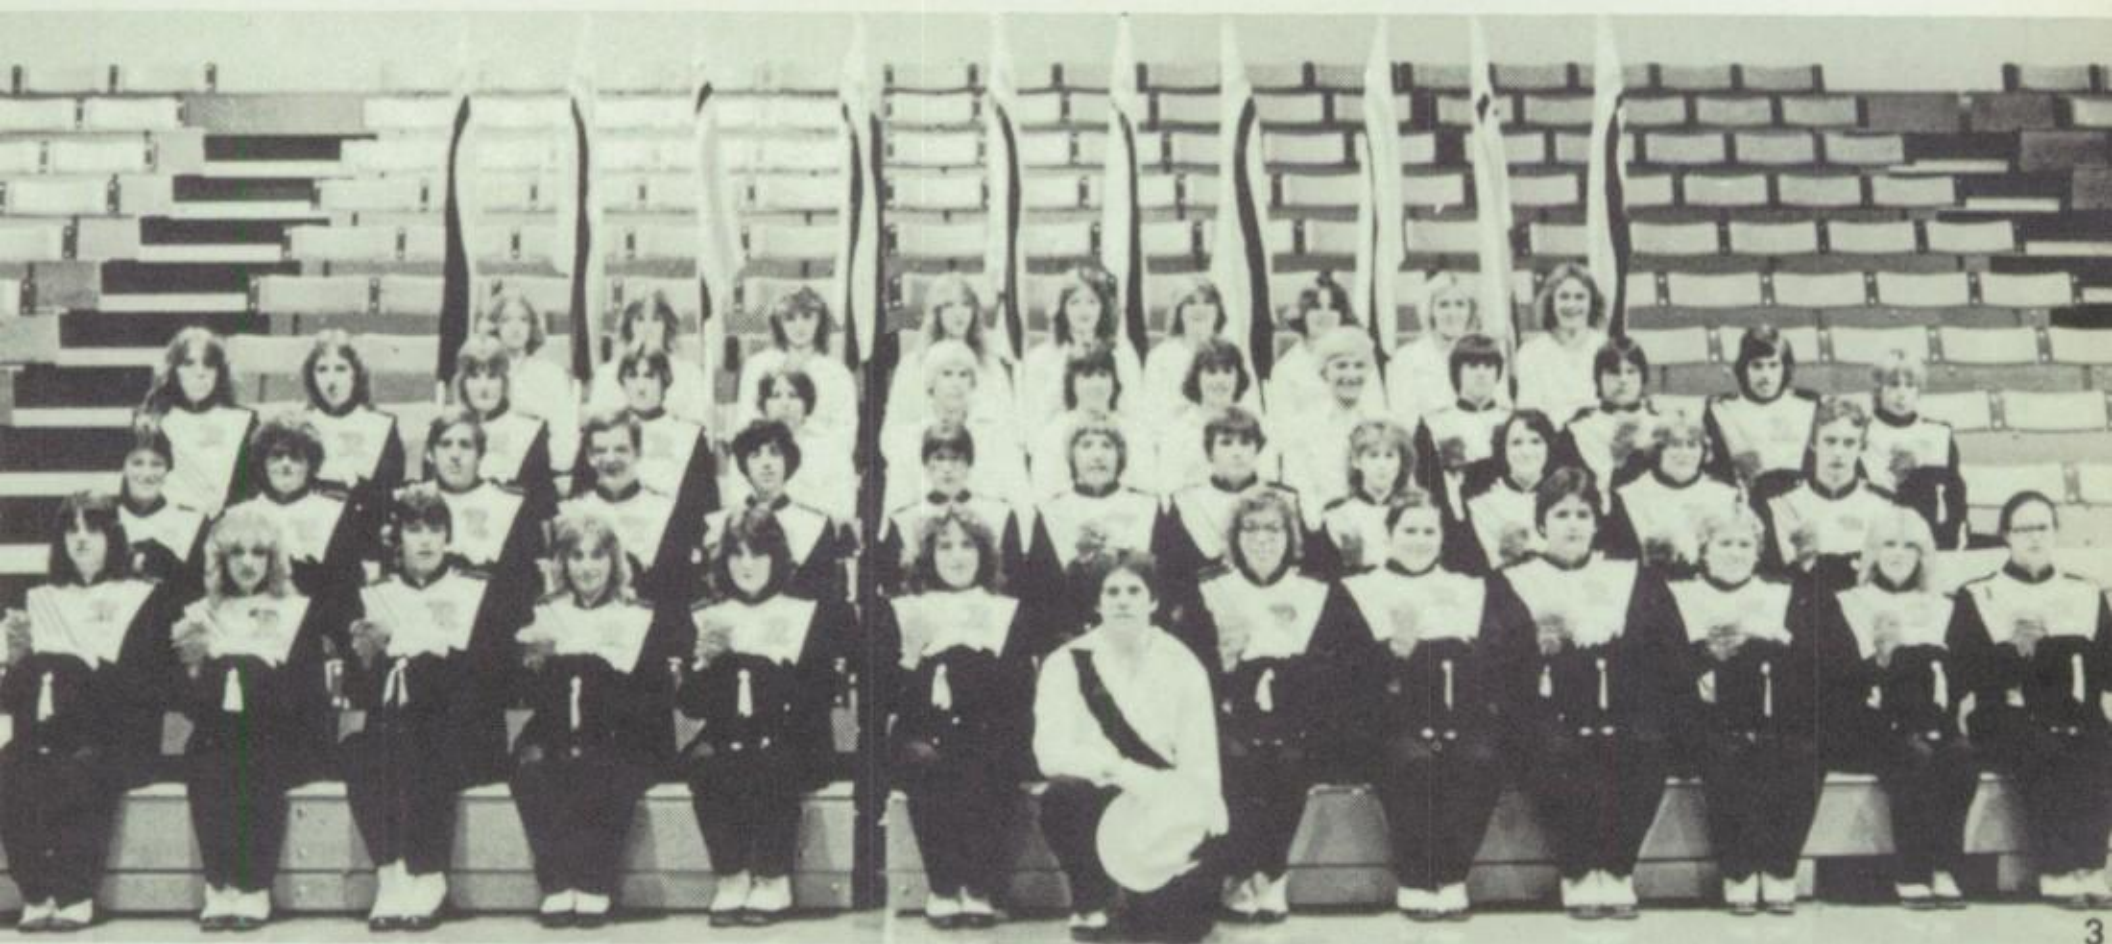

The band has grown in size this year, and with the bigger size came an improved image. The band won first place at both the Fall Festival Parade and the Forsythe Christmas Parade. They played at the Blue and Gold Basketball Tournament; only four bands from the area were asked to perform there. The band was asked to perform for President Carter's arrival in Springfield. Two students from the band, Nancy Gott and Tina Wade, tried out for and made the District Honors Band. Under the direction of their new teacher, Mr. Palen, the Republic Marching Tigers have made Republic proud this year.

Pom-Pon Squad, Reaching Out With a Smile

Pom-pon begins the year in early August with attendance at the NCA Pom and Drill Team Camp at SMSU after fund raisers were held in the sorching heat of late July. During football and basketball season the pom-pon squad remained active with practices, drills, and performances. When football homecoming arrived, the girls joined with the cheerleaders to create a 34 "woman" routine to "Another One Bites The Dust." At basketball homecoming the squad performed a memorable routine with "Celebration." 1. The members of the 1980-81 squad were (left to right) LuAnn Houston, captain; Robyn King, co-captain; Debi Newkirk, Karen Schatz, Cathy Hargis, Stacy Cole, Debbie Wood, Lori Madison, Carol Saunders, LaVada Gardner, Traci Riggins, and Leisa Rowan. 2. Half-time performances proved interesting when the girls brought "PUNK" to RHS. 3. Arguments over juice were often common.

1. Once the music begins, the squad takes over, reaches out, and smiles in a snappy routine. 2. Traci Riggins gets a case of the pregame jitters as co-captain Robyn King boosts confidence. 3. Although the practices are long, LuAnn, LaVada and Lori still manage to smile.

ASSEMBLIES . . .

The 1980-81 school year brought many informative and entertaining assemblies. They've been a very special part of school life, giving us a chance to share and learn, promoting spirit, but mostly they break the monotony of everyday life.

1. Jeff Ruckman won the talent assembly with his original piano solo for the second year in a row. 2. Rob Madrzykowski makes a pin at the wrestling assembly. 3. A first at RHS—a girls V-ball scrimmage.

Sunshine Sparkles from R.H.S.

On Nov. 20 and 21, RHS Speech and Dramatic Society presented the fall musical production of Samuel French's "Little Mary Sunshine." "Little Mary" takes place in the late nineteenth century, high in the Colorado Rocky Mt. at the Colorado Inn. It is the comical story of a beautiful young heroine who may lose her inn because she cannot pay the rent. She is also being pursued by her villainous Indian half brother, Yellow Feather, for revenge. The U.S. Forest Rangers come to her rescue, and romance blossoms. Romance also flourishes for Mary's flirty maid, Nancy and the Capt.'s corporal, and between all the forest rangers and young ladies from Eastchester Finishing School.

Chief Brown Bear—Doug Steere
Little Mary—Susie Myers
Big Jim—Randy Harris
Nancy—Susan Riddle

See How They Run!

What would you do if you were the vicar of a peaceful vicarage who had been out for the evening and came home one night to find your wife's uncle (the Bishop) has arrived two days early, the town busy-body is drunk on your couch, a Russian spy is loose in your garden, your wife no longer claims you as her husband, and no one believes that you are the vicar. Confusion, right? Such was the case for the SDS spring production of the English farce "See How They Run."

Some teachers enjoyed participating in dress-down day during spirit week. 4. Mr. Newcomer's world geography class showed their spirit by wearing black and orange.

Basketball Brings Spirit to RHS

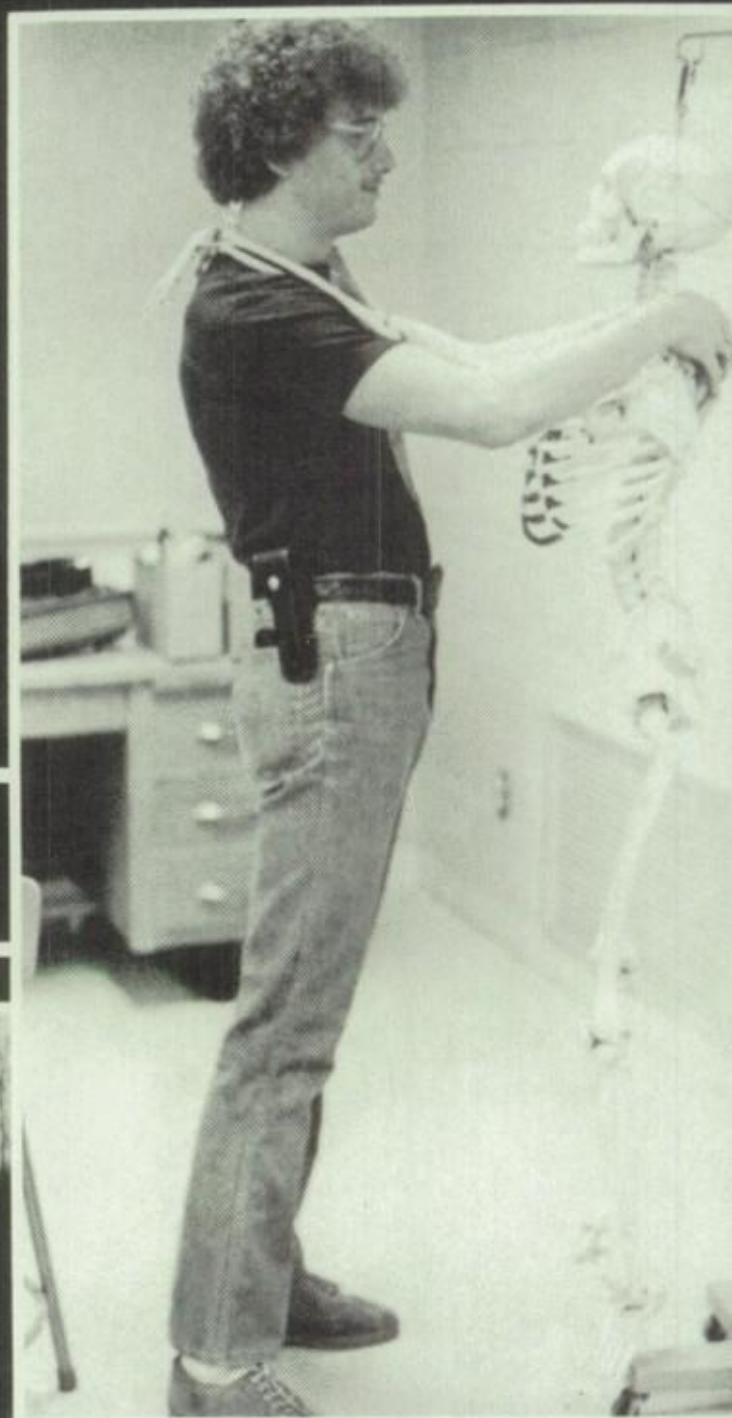

Basketball spirit week at RHS in 1981 consisted of 3 days of spirit. On Wednesday students were to dress nicely for Republic's elegant win. Thursday was dress-down day. On this day students were to represent Marshfield students. Friday combined tag day with orange and black day. Students were to wear black and orange, and the guys were to wear tags in hopes that they would not talk to a girl. If they did, they lost their tag.

Spirit week was successful, and Republic won their homecoming. After the game was a victorious dance to celebrate the win.

1. Darin Cantrell and Robyn King were chosen as the worst-dressed students on dress-down day. 2. Showing her ability to sweet talk guys, Robin Batson displays her many basketball tags. 3. Kent Medlin avoids talking with girls on tag day.

CLASSES

While some of us depict each class as being just one mere hour in passing the busy six hour schedule, others grasp the opportunity to learn and grow from the experiences each unique class has to offer. We may be taught to explore ourselves as individuals or to relate to groups of people in rap sessions. Regardless of which is to be accomplished, we're taught to reach out to others in order to discover more about ourselves.

What are we going to do in English today?

1. Mrs. Mitchell 2. Mrs. Farmer 3. Ms. Borchert 4. Mrs. Andrus 5. Mrs. Dunning 6. Mr. Hoover 7. Mrs. Dunning's English IV class enjoying the game Jeopardy. 8. At that time all nine students placed in the contest. They traveled to state contest in May. 6. YOUTH

"Look mother, the emperor has no clothes on!" Remember the innocence of our youth when truth was black and white, not multi-shades of gray? The honesty and carefree days of childhood escapes so quickly. Wouldn't life be so much better if we all had these qualities of children? One day not far into the future, the world will be in their hands. Illusions will fade away, and only reality will remain to be molded by impressions formed in their youth.

PEOPLE

What would you like to remember about '80-81—our all conference sports trophy, 10-0 football season, successful basketball seasons, our 1st speech contestant going to nationals, our 1's in music, our business team going to state? Perhaps the morning you rode the bus and discovered that despite the screaming kids, rough ride, and crowded seats that it was a wonderful world. Maybe it was that "A" that you worked for, received, and really deserved. Maybe you are now a licensed, legal driver, or possibly this week was your 1st date, and wasn't play practice a unique experience?

*We may never pass this way again,
but it was great while it lasted. Republic
people—reaching out—growing,
sharing, and enjoying.*

FRESHMEN

How do you feel about today's styles? KIM EBECK—Fashions today are expensive. I think the cowgirl look looks good. The car I like best is the Camaro, the shoes

I wear most are Nikes. Slow songs are my favorite type of music, and I like to watch basketball. JOHNNY SMITH—Styles and fashions are just there. SCOTT CROCK-

ETT—I like girls that wear their hair in braids, but I don't like real short hair on girls. KELLIE HAYTER—Baggies and straight-legged jeans look the best. I don't

like Cadillacs. FRANK THOMPSON—It's expensive.

SOPHOMORES

Now that the hostages are home and their lives are again becoming settled, the crises of the time will never be forgotten. Only a few days after returning home, we took these comments

from students. DEBI NEWKIRK: I think the whole situation has brought our nation closer, and we have become more patriotic. KEITH SUTTON: I don't think we should have let it

last as long as it did; but now that they're back, we should honor our agreement. SUSAN CROCKETT: I'm glad that they're back, but I think it was kind of low for it to happen. I

think we should have done something about it sooner. ANDREA BISHOP: It made me mad that anyone would dare take our people hostages.

JUNIORS

Being a junior means finally belonging to the upperclass. We have lived three years at Republic High School, and each year brought with it new experiences and many lasting friendships.

For some, becoming a junior meant taking a step up. Many were ready for varsity sports, while others had to be content with j.v. Juniors involved themselves in a wide variety of extra-curricular activities and were now able to participate in several electives such as COE and Vo-Tech.

JUNIORS

The class of 1982 enjoyed a busy year. They financed, organized and attended their first prom.

Choosing their class rings brought to mind for many, their upcoming year as seniors.

Many juniors sought employment and part-time jobs filled their evenings and weekends. When they were not working, they enjoyed going places and meeting friends, since most could now drive.

Thoughts of the future concerning college and careers were always in the backs of our minds, but we realized we still had a year to worry with such things. Most of us know by now where we are headed, but don't know exactly how to get there.

We have tried to enjoy our year together as juniors before the rush and anxiety of our senior year overcome us and we find ourselves standing face to face with tomorrow.

These Are The Best Of Times

PROM 1981 . . .

The night of nights, May 9, when every junior and senior dressed to kill. Preparation for Prom began months in advance and was perfected to every detail from tuxedos and formals to corsages and dates. Seniors' futures were prophesied, and juniors were willed the graduates' most prized possessions. The Hilton Hotel housed this affair with echoes of Mirror in the air. Memories were made, and the value of friendships realized. These truly are the best of times!

1. Miss Tigress candidates from left to right are Robyn King, escort Larry Mahan; Lisa Harralson, escort Tom McPhetridge; Jana Sparkman, escort Keith Blanche; Robin Batson, escort Kenny Fowler. 2. We The People

Anticipation or Hesitation

Sunday, May 10th seniors gathered together for the baccalaureate. 1. Jane Vest displays her musical talent for the crowd. 2. Graduates and audience listen intently to Reverend Phillips delivering inspiring words from his baccalaureate address. 3. There are no tears of sorrow on these faces. The main event—May 14th—an excitement filled the air as graduates lingered in the present, remembered the past, and anticipated the future. 1. Close friends spend a few quiet moments together. 2. This joy needs no explanation. 3. The song "Somewhere" sung by Republic's chorus touched many hearts. 4. & 5. Salutatorian Susie Myers and Valedictorian Dana Shilling shared their feelings with the audience, and Teri Bee offered the benediction. Susan Blades (not pictured) spoke of the meaning of school life. These two traditional ceremonies culminated 12 years of hard work and good times that will remain in the seniors' memories forever.

A Tribute to Phillip

When the sun sets in the western sky
 and closes out our day,
 Memories return to years gone by
 when a young soul passed our way.
 Disease had made his body frail,
 but this boy was so strong.
 While we all sang and laughed and
 played, he could seldom join along.
 But in his heart he knew the fight
 had already been won,
 And on that day not so far away
 he went to meet God's son.
 Now several years have come and gone,
 and while looking on ahead;
 The narrow paths seem oh so long
 with the wasted time we've spent.
 If God would grant us just an ounce
 the faith Phil had to give,
 We might stop and treasure more
 the lives we have to live.
 Though this chapter in our book
 has all been said and done,
 We'll always remember you, Phillip,
 Your class of '81.

Where's The Ball?

The energy picture for our future doesn't have to be dark. We at Empire District are determined to meet our customers' energy needs with efficient, economical service. But we need you on our team. Without the proper conservation of this energy resource, we could really fumble the play. Turn off lights and power equipment when not in use. Keep room temperatures set according to national guidelines. Help keep your home tight against energy loss. We can win this game if we all pull together. So come on, let's play ball.

OZARK ELECTRIC COOPERATIVE

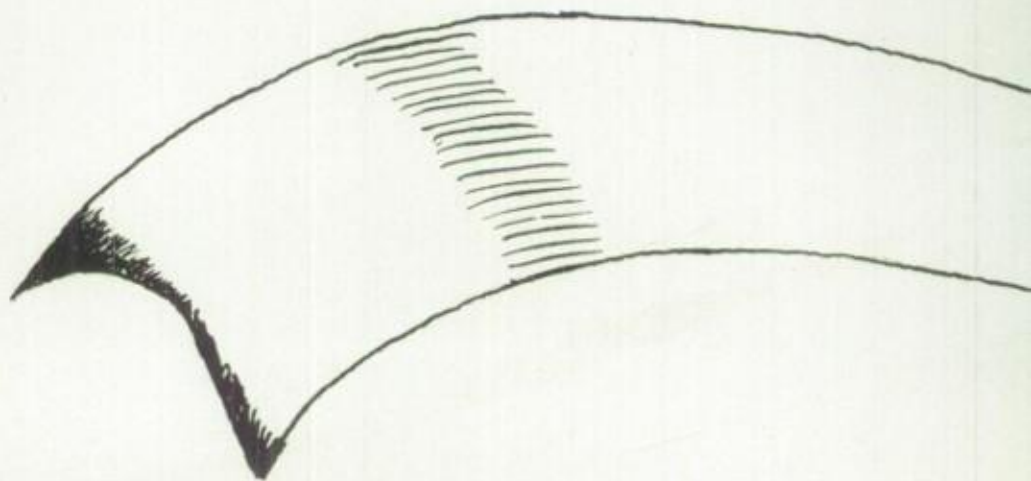

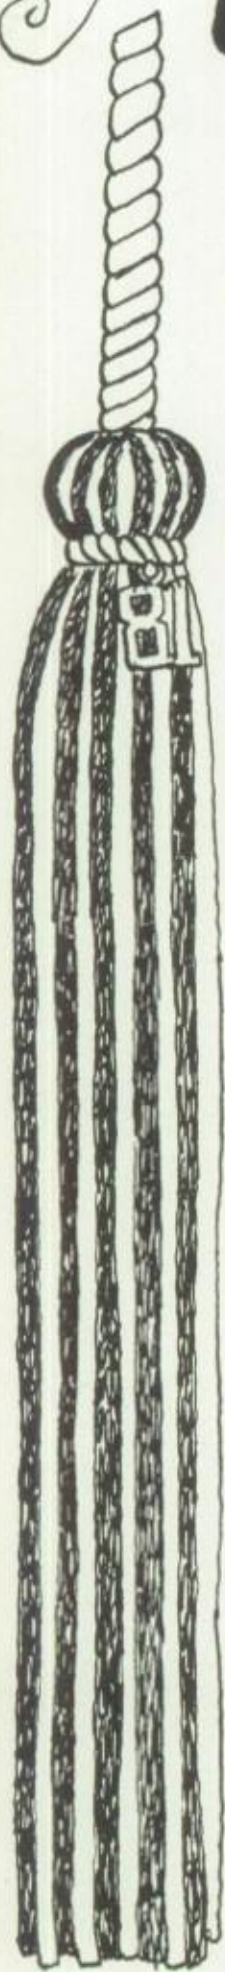

It is next to impossible for people who have grown up with electric lights to imagine the deep emotion felt by rural families when their homes were first electrified. Since its creation in 1953, the Rural Electrification Administration had helped bring light and power to practically every corner of rural America, raising the proportion of electrified farms to more than 98 percent.

Each year the Ozark Electric Cooperative sponsors an essay contest open to high school juniors in a 21-school area. Republic has had four first-place winners—Kendell McPhail, Randy McConnel, Shelly Sanders, and David McNabb—and numerous first and second runners up. They, too, were awarded prizes and expense paid trips. Our Cooperative truly supports the school and community.

When we lived near each other, we participated in the same activities. Our friendships were strong because we shared so many things. Now living apart, we may rarely see each other, but our friendships are even stronger because we share the same feelings. This closeness of hearts comes from reaching out to others and is what makes a lifetime of friendships like ours.

*God bless,
Jana Sparkman*
